

## CHAPTER VI – PROJECT COORDINATION

Coordination meetings were held thorough out the project development process to share information with and gain feedback from federal, state and city agencies, elected officials, community organizations, and the public. This project evolved from discussions with the participants at these meeting. The development and evaluation of the design alternatives for this project reflects their inputs. A list of the most relevant meetings is shown below. The meeting correspondences (e.g., minutes) are included in Appendix E.
