The 181st Street Busway project will create a 0.6 mile bus-only corridor along a busy commercial district between Broadway and Amsterdam Avenue in Washington Heights, Manhattan. The street is currently a major chokepoint for several bus routes that provide a vital connection between Uptown Manhattan and the Bronx, serving 42,000 daily riders. The five improved routes reach over 4,326 essential work sites, as well as five hospitals and urgent care centers.
